It was a lively reconnaissance and a spirited skirmish; but the real battle will be fought in November.

EX-GOVERNOR W. O. BRADLEY of this state has been selected as one of the Vice-Presidents of the Benjamin Harrison Monument Association of Indianapolis.

BILLY HAYES thinks that, inasmuch as he beat four or five Democrats in the recent Primary, he oughtn't to have much difficulty in beating one Republican in November.

It may not be uninteresting to the taxpayers of Mayville to know just what the present so-called "streets" have cost them during the past four years.

The tablet in memory of the soldiers of 1812 which Secretary Root and Colonel Mills have allowed the Empire State Society of the Daughters of 1812 to place in the West Point Chapel, is of the marble with gilt lettering and will be the second of its kind to be placed in the chapel by a patriotic society.

An extraordinary case is presented in that of John A. Kaason of Iowa, the Special Reciprocity Commissioner of the United States, who has declined to accept any future compensation for the duties performed by him, because none of the treaties negotiated became effective. This is one of the few cases of this kind on record.

A collection of blotting papers in the possession of an American citizen is estimated to be of great value. Each sheet contains the blotted impression of the handwriting of a President, and all the chiefs of the Republic since 1841 are represented. One sheet is that on which President Lincoln blotted a letter on the day of his murder.

An immense region in Northern Ontario, covering 15,000,000 acres and stretching from Quebec Westward to Thunder Bay, on the North shore of Lake Superior, is now for the first time recognized as being excellently adapted for farming. A GENTLE HINT.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, but the death resulting directly from this cause, a bottle of Boecher's German Syrup kept at your home for immediate use will prevent serious sickness, a large doctor's bill and perhaps death by the use of three or four doses. For curing Consumption, Hemorrhages, Traumatism, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your friend will tell you. The horses ridden by Lord Kitchen's flying cavalry to chase the elusive Thoroughbred De Wet across the South African veldt are shod with shoes made in Pennsylvania, the contract for their construction having been made through the instrumentality of the commercial museum in Philadelphia.

The Black Bull Inn, London, famous as the house which contained Sarah Camp's "apartment," and the scene of "Society" as talks with her friend, Betsy Prig, is to be torn down. The inn is situated in Gray's Inn Lane, near Holborn, and is 300 years old. Dickens's residence in Doughty street, where he lived early in his literary career, is near by.

When wounded in battle horses are attended to as soon as possible. A veterinary officer with an assistant follows closely on the fighting line, and those animals with only slight injuries are collected together and sent to the veterinary hospitals established at the fixed camps. Those very badly wounded are shot. Horses killed in battle are either buried or burned, according to the climate. In South Africa they are left to rot.

There were also sixty-three grandchildren, thirty-nine great-grandchildren, twenty-one children of the fourth generation, and four of the fifth.

The pupils of Grammar School No. 2, at Pottsville, Pa., have made a movement which they call a strike for shorter hours, and the idea is popular among the scholars of the other schools. A farmer in Dickinson county, Kansas, recently found some queer looking worms in his wheat field and put them in a jar to see if they would turn into some destroying insect. One day while the farmer was away from home, a joking neighbor removed the worms and replaced them with small green frogs. For two weeks thereafter the farmer neglected his work while carrying the jar around to show his friends the wonder that had been wrought.

MURDER CLEARED

The Tragic Death of James Seymour Ayres, a Census Office Clerk, in Washington.

CONFESSION OF MRS. LULU BONINE.

The Woman is the Wife of a Drummer of a Chicago Wholesale Drug House.

Entered to His Room in a Hotel She Claims She Shot Him Three Times in Order to Protect Her Honor.

Washington, May 21.—The mystery attending the killing of James Seymour Ayres, a census office clerk, in the Kenmore hotel, early last Wednesday morning, and which, because of the peculiar circumstances surrounding it, has aroused Washington more than any tragedy in several years was solved Monday by a voluntary confession from Mrs. Lulu L. Bonine, a married woman and a guest at the house, that she had fired the three shots which ended Ayres' life. Mrs. Bonine's husband is a drummer for the wholesale drug house of De Witt & Co., of Chicago.

She said that some time prior to March 1 there had been a disagreement between herself and Ayres, and that their friendly relations had been broken until the morning before the tragedy, when she became friendly with him again.

To Prevent a Chill.

Some time in the morning, presumably about 2 o'clock, Ayres knocked on her door. She opened and he told her he thought he was going to have a chill and wanted to know if she had anything that would prevent it. She said that she thought she had some in the kitchen, and went to her boy's room adjoining to get it. In the meantime he was standing in the hall. He was dressed in his trousers, coat and undershirt. When she came back Ayres threw his arm over her shoulder and asked her if she would not come over to his room where they would discuss their differences. To this she assented, saying she would go as soon as she could dress herself. She had been in bed when he came, and Ayres left her then and went back to his room. She dressed herself, putting on all her clothing. She then went to his room, opened the door and entered.

Had a Revolver in His Hand.

Ayres stood behind the door, and as soon as she entered he slammed it and bolted the lock. He was armed only in his right hand with a revolver in his right hand. She was very much agitated and attempted to make a break toward the window to get out. He would not let her throw his left arm around her, saying: "I guess you will listen to me now." Ayres still had the pistol in his right hand. She tried to get her right hand from his grasp and he threw it up and struck her head and it went off. In the struggle which followed she got hold of the weapon with both hands. She did not know how many shots were fired and does not remember anything about what took place when Ayres fell over against her when his blood spurted over her shoulder.

Mrs. Bonine then went through the window and down the fire escape to the second floor, where there is a landing.

Prostitution Recanted.

She passed through the parlor and upstairs to her room on the fourth floor. She then washed her hands and the wrapper which she had on. Mrs. Bonine declared that she had never been intimate with Ayres, but that when she went into the room that night he shot at her and she fled to her which she recanted. This was the first time he had ever made such a proposition. Prior to March 4 he had sometimes been intimate with her in his remarks, but had never made any sort of improper proposition. She declared that the reason why she had not said anything about the crime before was that she wanted to preserve the good name of her two boys. Mrs. Bonine's statement will be submitted to the court's jury, and on their verdict will depend the course to be pursued toward Mrs. Bonine. She has engaged an attorney.

BOTTLES AND CORKS.

Those Used in the Manufacture of Export Beer Are Subject to Imposition of Tariff Tax.

Washington, May 21.—The United States supreme court Monday decided that bottles and corks used in the manufacture of beer for export are subject to the imposition of a tariff tax. The decision was handed down on duties paid on hops and barley of the Joseph Schlitz Brewing Co., of the United States, coming to this court from the court of claims. The claim originally was made for a drawback on duties paid on hops and barley, as well as on bottles and corks used in the manufacture of bottled beer to be exported. The court of claims allowed the first item of the claim and denied the second. Justice Brown, in handing down the decision of the supreme court, said the cans raised the question as to whether corks and bottles are ingredients of beer. Plainly they were not, he said.

MACHINISTS' OUT.

Approximately 50,000 of Them Through the Country Went on Strike Monday.

GOVERNMENT WORK NOT AFFECTED.

They Want a Nine Hour Day and an Increase of Wages Equal to the Present Pay.

Reports Show That 904 Firms Employing About 30,000 Men Have Acceded to the Demands of Their Employees.

Washington, May 21.—Approximately 50,000 machinists throughout the country struck Monday for a nine-hour day, a scale of wages equal to the present ten hour per day scale, and other demands. This is the rough estimate of President O'Connell, of the International Association of Machinists, based on the telegraphic advice that they have reached him from the machinists' headquarters in the various cities. The strike thus far has not extended to the allied trades, save in one or two instances, as at Scranton, Pa., where men in a part of the allied trades are out. No machinists engaged in government work are affected. This is due to the fact that on such work an eight hour day scale already prevails.

Railroad Machinists.

Railroad machinists, as a rule, are not involved in the strike, though the men on several roads are out. The Central Vermont road machinists at St. Albans, numbering probably 200 have struck. The Lehigh Valley railroad machinists at Buffalo, Sayre, Wilkesbarre and Elmira are out, aggregating about 500 all told. The Delaware, Lackawanna and Western road at Buffalo, Scranton, Wilkesbarre and intermediate points are out. The Gulf, Colorado and Santa Fe men are out. The strike order, however, does not apply to the railroads generally.

Following is a statement of the number of men out at important points:

Number Out at Important Places.

Hartford, Ct., 1,000; Ansonia and Derby, Ct., 500; Hamilton, O., 1,600; Buffalo, 1,200; Scranton, 2,500; Cincinnati, completely tied up and 8,600 men out; Connersville, Ind., 200; Palestine, Tex., 300; York, Pa., 300; Orange, N. J., 300; Oswego, N. Y., 300; Norfolk, Va., all the shops out, 500 men.

Word from other large cities is tardy in reaching here. Telegraphic reports to Mr. O'Connell show the following: New York, 1,000; Philadelphia, 25; New Haven, 5. These establishments, having conceded the demands, their men are at work as usual.

Mr. O'Connell said Monday night that up to 5 o'clock reports show that 904 firms, employing approximately 30,000 men, had signed the agreement for the nine-hour day of work, which made satisfactory arrangements with the local organization.

Take a cup of Arbuckles' Coffee and a cup of the "cent-a-pound-cheaper" kind. One taste of each will prove to you that the reason Arbuckles' costs a little more is because it's worth more. It's selected with greater pains, roasted with greater care, packed with greater skill. It comes to you as fresh as when it left the roaster. Not a particle of its strength or flavor lost. Cheap coffee lacks both strength and flavor.

ARBUCKLES' Roasted Coffee

is cheaper in the end than other coffees because it makes more cupfuls to the pound and gives far greater satisfaction.

With each package of Arbuckles' Coffee you purchase a definite part of some useful article—which is yours on presentation to our Notion Dept. of a certain number of signatures cut from the wrappers. You'll find a list of the articles in each package.

Colonel R. B. Lovel is still in the lead. Yesterday he received from Mr. E. R. Lindsey of Vanceburg the first consignment of home grown strawberries on the market in the city. This season is under many obligations for a couple of boxes containing as fine berries as it would be possible to raise in any country.

John G. Carlisle is mentioned as a candidate for Mayor of Greater New York in opposition to the regular democratic nominee.

Dr. and Mrs. Thomas Benton Smith have issued invitations to the marriage of their daughter, Grace Carlisle, to Mr. Phelps Sassen, Jr., of Wake place at the Christian Church at Cyrtiana Thursday, June 6th.

There is scarcely enough water in the Pittsburgh harbor for boats to navigate in at present.

Since the discovery of the oil field in Texas there has been considerable talk of introducing petroleum as fuel on steamboats, and some rivermen in New Orleans have looked on the plan with favor.

A. J. Carter, the steamboat engineer, who was found dead at the Windsor Hotel, St. Louis, was a son of the late Capt. A. J. Carter, formerly Master of the Anchor Line steamers, who died about two years ago at Plaquemine, La.

In an address before the State Bankers' Convention of West Virginia, at Wheeling, during last week, Colonel John L. Vance, President of the River Improvement Association, took as his subject "The Improvements of the Ohio River." He said: "Since 1885 more money was spent on the improvement of the Ohio River than all years previous to that. The work accomplished has been most gratifying. Influenced by statistics, Congress has made liberal appropriations, and a general plan of improvement by movable locks and dams adopted. The Monongahela has been freed from the onerous burden of tolls, and six new dams authorized. Five dams below Pittsburgh are being built. The river has been surveyed by two Pittsburgh and Marietta, and locks and dams 13 (Wheeling) and 18 (Marietta), authorized—and the bids were closed only last week for the Wheeling lock and work will begin in a few weeks. Coal has been carried for one-fourth of a mill per ton per mile. This river work is most important. With the Ohio locked and dammed, the future possibilities are great. Through the 'Stoep' Canal 25,000,000 tons of freight pass annually; over the Ohio, unimproved as she is, 17,000,000 tons of freight pass annually. Figures from Germany, France, England, Scotland and other countries show what improved inland waterways accomplish."

POINTER FOR YOUNG MOTHERS

How to Keep the Baby Quiet While You Entertain Friends.

A correspondent in an exchange tells the following story:
"I went to pay a visit on Wednesday last to a young matron on Columbia Heights. She has a particularly interesting son, whose age is rather less than a year, and for the past month she has been without a nurse for him. The pretty fact was as still as could be Wednesday afternoon, and I asked if baby was asleep.
"Oh, no," answered the mother; "he is wide awake, but he's busy just now, and babies never cry when they are busy."
"Of course I made inquiry as to what a baby of ten months could possibly be busy about, and then the mother opened the door of the bedroom that I might see for myself. There on a rug spread where the sun would catch it, sat his little lordship, sober as a Judge, doing—why, you'd never guess what the doddled child was doing. His two dear little hands had been smeared with mulligan, and to one of them stuck half a dozen tiny feathers. Baby gravely picked the feather off his left hand with his right, and then as solemnly set to work to pick them off his right with his left.
"My mother always kept her babies quiet that way," said the young matron, and I find that it works beautifully with Algernon. I always fix his hands so when I expect company, and he sits for hours trying to get the feathers off."

The gross earnings of the L. and N. for the second week of May were \$26,305, an increase of \$28,555 over the same week of 1900.

WHY?

Spend money, time and patience trying to make your own ice cream? Traxel can supply you with any flavor and any quantity promptly and with a guarantee as to purity. When you make it at home you wear yourself out and let salt fall into the cream, and if you will run up the cost you will find it costs more to make it than to order from Traxel. Any flavor, in brick or plain, at most reasonable prices. Try this suggestion once.

An Open Letter.

We desire to say that our business since January 1st has passed the mark anticipated. We wish to be frank; therefore we are not attempting to talk to business people and put in the form of a polished essay. The advantage of having merchandise different from your competitors is apparent, provided that the retailer is known to be reliable. Does not a good deal of advertising appear to you as though the advertisers were indulging too freely in *Fine Words?* Most of them seem to say something that means nothing. Names are invented for goods that have no bearing whatever on the materials; turned out and twisted until they are no longer relevant, all of which is done to tone the product, because the product hasn't enough of it. Fine feathers make fine birds, but fine words do not make fine goods. We are strong believers in advertising because it is a good thing, but advertising doesn't pay unless constructed on a proper basis, and that is to plainly tell people as much as to sell and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, White Goods, Carpets, Mattings and Housekeeping Goods generally is complete. Come and learn prices, which will be found to be as cheap as the cheapest, quality considered. Respectfully,
GEORGE COX & SON.
82 years selling good goods.

We Want..... YOU TO SEE THEM!

Never before have we had so many nice things to show our customers as we have this season. Our Men's, Boys' and Children's

Every garment we sell is guaranteed, and if not satisfactory we ask our customers to return them. Our Men's Furnishing Goods and Hats, both fur and straw goods, are beyond doubt the nicest ever brought to this market. Our Soft Summer Shirts, White and Colored, also our line of Neckwear, are so beautiful that we want to show them to all; in truth, we like to look at them ourselves, they are so very pretty.
